Mold making

Personal

I have experience in working with both extruded and expanded polystyrene, knowledge in CNC handling, and have crafted several dioramas and large figures for exhibitions. Additionally, I am proficient in making molds through casting and brushwork techniques.

Furthermore, in the field of illustration, I am known for my expressive style and highly versatile approach. I am proficient in both modern and classical techniques, I am a capable designer and I worked in a few comic projects.

Education

Higher Technician degree in Applied Sculpture for the Entertainment Industry, certified by the EAO.

Higher Technician degree in Illustration, accredited by the EAO.

Comic certified course at SUNY Westchester on Peekskill, NY

Comic private course at Scuola Internazionale Comics in Rome
